IRISH
TRAWLERMAN
 WHISKEY

The Irish Trawlerman Whiskey collection is a small batch, hand crafted whiskey distilled in Portavogie, County Down. The spirit takes inspiration from the history of the fishing industry in the village and the stories of the brave trawlermen. Each bottle is designed around the first fleet of fishing boats from Portavogie, and includes AR intergration for a full immersive story telling experience.

FOR MAKING FLYING EASIER!

For every eventuality that may arise when flying but there are some tips that might help a bit easier. Implementing some of these can help reduce stress and anxiety for the whole family when preparing for that flight.

The key to success will always be to prepare and practice.

- Download favourite movies/TV shows/games to mobile devices that can be played without internet. Most streaming services allow shows to be downloaded to be viewed offline.
- Make sure to have backup batteries in case of delays etc.
- Purchase a 'special' object that your child will associate with their flight e.g. special rucksack, flight toy. Talk this object up so that it becomes an object that is paired with the airport and flying. Access to this object will begin as you leave the house to travel to the airport.
- Pack in your hand luggage items that might help your child relax such as ear defenders, blankets etc. These might be required as the aircraft departs so have them close at hand.
- Have your child's favourite snacks in your hand luggage too - help them make the associate between air travel and their favourite things.
- Provide praise! Provide your child with praise for all of the great strides that they are making in an otherwise unfamiliar, scary environment.
- Give yourself plenty of time! This will help reduce stress and anxiety levels for everyone.

WHAT HAPPENS DURING THE EVENT?

Upon arrival at the airport, you will be greeted by a member of the team who will provide your child or young person with a staff member to help. This must be done with a staff member to help. This must be done with a staff member to help.

After the check-in desk to security 10% are checked alongside the screen passers to allow any to security 10% for these events. Remember you will go through security as if you were getting on an actual flight so all rules and regulations must be followed.

Once on the aircraft you can sit where you want and your child can move throughout the cabin. Once on the aircraft you can sit where you want and your child can move throughout the cabin.

Motorised Blinds

A very modern and simplistic style, electric roller blinds suit a variety of home interiors from large living rooms and kitchens to small offices and bedrooms. With the fabric rolling around a motorised tube, the operation is super smooth and the blinds hang beautifully balanced every time, covering the window pane perfectly. Plus, when rolled open, the roller blind fabric is hidden away in a smart fascia and automatic timer settings help you to keep your home feeling comfortable and secure with ease.
